Field service & troubleshooting

Same-day emergency repairs

# Performance Fluid Power

*Where Quality and Value Meet*

# Performance Fluid Power offers our mobile and industrial customers a cost effective, quality solution to their service and repair needs.

## Our cost effective solutions include:

- FREE tear-down, inspection and proposal for repair. Pay only if you repair or replace the unit.
- Local delivery and pickup at your facility if required.
- Genuine factory-authorized parts are used on your repairs.
- Remanufactured exchange program when down time is not an option.
- Field service and troubleshooting.
- Same-day emergency repair services available.
- 24/7 emergency repair services available.

## Equipment

### Digital Test Stand

All repaired units are tested and meet or exceed "as new" factory specifications. Extensive documentation and testing results are prepared and maintained for each unit.

### Customer Lapping and Machining

Performance Fluid Power lapping machine can achieve flatness to within 11 millionths of an inch.

### Lathe

In-house machining saves our customers money!

### 150 Ton Press

Our 150 Ton Press helps us remove large bearings and achieve preloads to OEM specifications.

**One-year warranty covering parts and workmanship.**

**Customer-Specific Extended Warranty Programs available.**
