

OILAIR

PRODUCTS, LLC.
Fluid Power Specialists

Engine, mobile and industrial filtration solutions.

High-quality hydraulic and electronic propel and control products for mobile equipment.

Cartridge valves and HIC solutions including fan drives and steering systems.

Hydraulic fittings, adapters, and flanges.

Hydraulic light duty, medium duty and heavy duty low speed high torque motors, steering units, hydraulic brakes and pumps

Hydraulic directional control valves, gear pumps and motors and electronic remote control systems.

Mobile and industrial cooling solutions.

Hydraulic gear pumps and motors.

Fluid & motion control, mobile and industrial filtration, and sensors.

Pneumatic solutions for air prep, valves and actuators, Kip, Herion and Mosier.

Quick release couplers and multi-connectors.

Transducers, gauges, and instrumentation solutions.

Fluid transfer solutions for hydraulic hosing, couplers and assembly equipment.

Axial piston hydraulic pumps and motors. Cylinders, HIC, cartridge and refill valves.

Mobile and industrial lubrication systems and components.

Full line of filtration, valves, clamps, accumulations, hydraulic accessories, test fittings, and diagnostic equipment.

High quality welded and tie-rod hydraulic cylinders with renowned Hallite seals.

Complete line of NFPA hydraulic and pneumatic interchangeable cylinders.

Oil-Air Products, LLC.

PO BOX 41430

13010 County Road 6

Plymouth, MN 55441

MEMBER

Why Oil-Air Products?

Complete line of flanges and adapters in carbon and stainless steel.

www.anchorfluidpower.com

Industrial range of radio wireless solutions for commercial vehicle winches and other industrial applications.

www.lodar.com

Planetary gearboxes, hydraulic winches, and wheel drives. www.dinamicoil.com

Air driven hydraulic pumps, power packs and intensifiers.

www.hydroniccorp.com

World-renowned manufacturer of internal gear, external gear, vane, and rotary lobe pumps, as well as replacement parts and accessories.

www.vikingpump.com

Turolla is a supplier of hydraulic pumps, motors, and fan drive systems for global off-highway mobile applications

www.turollacg.com

Full line of filtration, valves, accumulators, particle counters and fluid conditioning products.

www.hydacusa.com

High pressure vane and piston pumps and motors. CETOP/ISO proportional and directional valves. Calzoni/Denison radial piston hydraulic motors. **Parker**

www.parker.com

Advanced hydraulic piston and diaphragm accumulators, coolers and heat transfer equipment. **Parker**

www.parker.com

Industrial and mobile water/oil, air/oil heat exchangers, accessories and pneumatic coolers.

www.thermaltransfer.com

Radio motion control solutions and products.

www.hbc-usa.com

Custom manifold designer and manufacturing with a standard product line, and also a sophisticated source for custom hydraulic manifolds.

OILAIR PRODUCTS, LLC.

Fluid Power Specialists

Your "value-added" partner for fluid power products

Manufacturing high-quality products such as hydraulic filters and strainers, reservoir accessories, pressure gauges, O-ring seal tube fittings, hydraulic adapters and hose fittings.

www.lenzinc.com

Custom hydraulic and pneumatic systems, assemblies and power units.

Moog Inc. is a worldwide designer, manufacturer, and integrator of precision motion control products and systems. Servovalves, servoactuators, proportional valves and related servo electronics.

www.moog.com

Hydraulic components for all markets including pumps, motors, cylinders and valves.

www.crossmfg.com

Standard and custom live swivels.

www.superswivels.com

www.saihyd.com

Radial piston hydraulic motors, gear boxes and rotary manifolds.

Pneumatic directional control valves, fittings, manifolds, air nozzels and custom products.
